--Fig. 24 is a drawing showing a creature equipped with a built-in video camera and video display;--

Page 20, after line 8, please insert the following paragraph:

33

--In some instances, a group of figures, for example, Figs. 18A-18E may be referred to collectively by a single figure number, for example, Fig. 18;--

Page 37, line 1, change "18G" to --18E--;

Page 37, line 4, change "18G" to --18E--;

Page 55, line 15, change ":" to --is a--;

Page 55, line 16, delete "A".

Please add an abstract to the specification after page 139, reading as

___ABSTRACT

(;

u

follows:

The present invention relates to computer systems and methods generally and more particularly to development of interactive constructs, to techniques for teaching such development, and to verbally interactive toys.
